Nazariy qism:

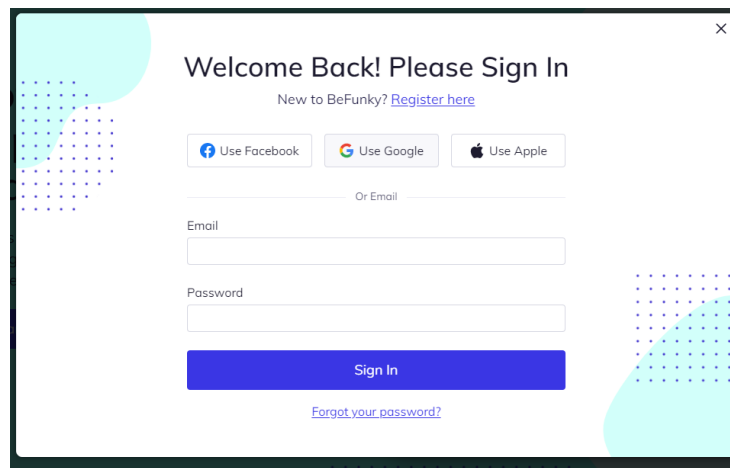

BeFunky - bu kuchli fotosurat muharriri, kollaj yaratuvchisi va grafik dizayneri platformasi bo'lib, ularning barchasi bitta uzluksiz onlayn platformaga birlashtirilgan. Biz kuchli va innovatsion, ammo hamma uchun soddalashtirilgan fotosuratlarni tahrirlash va grafik dizayn vositalarini yaratishga ixtisoslashganmiz. Biz fotosuratlarni tahrirlash va grafik dizaynni imkon qadar oson va qulay qilish uchun ishtiyoqmandmiz. Shunday qilib, siz murakkab dasturlarni o'rganmasdan turib, o'zingiz xohlagan narsani yaratishingiz mumkin! Blogingiz, biznesingiz, ijtimoiy tarmoqlarda ishtirok etishingiz, hunarmandchilik bilan shug'ullanishingiz yoki shunchaki foto xotiralaringizni saqlab qolish uchun fotosuratlarni tahrirlash va dizayn platformasiga muhtoj bo'lasizmi, BeFunky mukammal yechimdir.
